Forum 'Around the world' Section'

ISHM and the Journal of Men's Health & Gender (www.jmhg.org) will raise awareness for men's/women's health. As the journal has a forum section entitled 'Around the world with women's health and men's health organisations'. This would be an ideal venue to increase international awareness of the health problems faced by men/women in your country and possibly also help with your internal campaigns.

Would you be interested in submitting an article of up to 1000-1500 words for this section?

This section is not only specifically to inform about these organisation but any organisation whose activities are of interest. We are sure that in this special issue your organization would be of particular interest and we would therefore like to invite you to send your articles.

Please consult [jmhg](http://www.jmhg.org)-website for our Guide for Authors at:
